

FATHERS OF INVENTION

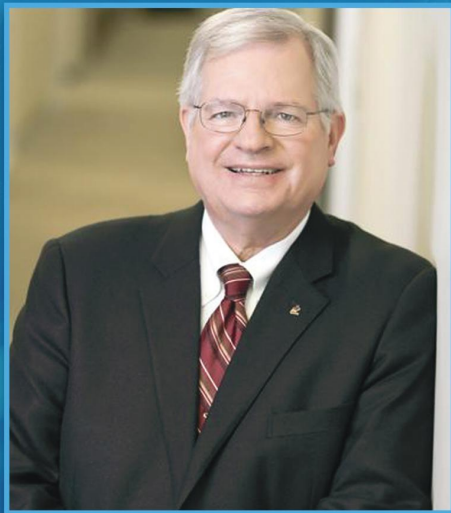

An American Story of Family, Faith and Innovation

by Andrew A. Pansini

Book Synopsis

"Fathers of Invention" is the engaging success story of a family that embodies the American values of hard work, innovation and entrepreneurial spirit. It is a story of the life of Andrew L. Pansini the inventor of the world's first automatic pool cleaner in 1957. This was the first of many of his inventions spanning over his lifetime. He founded Jandy Industries and developed, manufactured and sold products that help to change the entire swimming pool industry.

Author Bio

Andrew A. Pansini is the grandson and son of the Fathers of Invention, written in 2017. He was born in San Francisco, grew up in Marin County, California, and has lived in Novato, California for the past 40 years. Mr. Pansini received a bachelor's degree from the University of San Francisco in economics. He has been married to his wife, Pam, for over 40 years with two children and five grandchildren.

Mr. Pansini's grandfather founded the first parking company in the world in 1917, Savoy Corporation. His father invented the world's first automatic swimming pool cleaner in 1957 and founded Jandy Industries. Andrew started to work for the family business at a very young age and continues today as the President and CEO of Savoy, as well as President and CEO of Jandy for many years until it was sold in 1996.

Mr. Pansini has been an active volunteer of multiple not for profit organizations for over thirty years. He is a past board member and chairman of the board of Sutter Health. Currently, he serves on the board of Sutter Care at Home.

★ Reviews
